SOFT SENSATIONS PVT. LTD.

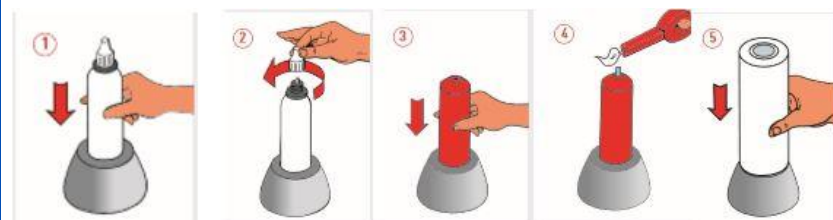

Greetings!

Candola was founded 30 years ago, their products have been evoking magic moments as to aesthetics and well-being on the table. The versatile modular Candola® system from Austria creates with a real flame a wonderful natural light - clean, odourless, safe and eco-friendly.

A continuous wick burns the special Candola® fluid up to 120 hours long without any soot or smoke emission. The empty fuel cell is very easy and fast to replace. Simply wonderful.

The Candola products are present in more than 80 countries on all continents and guarantee top quality from Austria. For that reason, they have been awarded the Austria Quality Seal.

ASSEMBLY

ADVANTAGE

- **Safety lamp!** The flame goes out as soon as the table lamp falls over
- **Assembly system** allows the use of individual lamps, glasses and covering
- **Far longer burning time** than candles (up to 120 hours)
- **Time and cost savings, high efficiency**
- **No wax residues!**
- **Special wick** allows complete emptying of the refill
- Thanks to **clean oil** there is no **smoke or soot**
- Highest level of **safety through the Candola System**
- **Tested quality certified** by independent institutes.
- **Special burner** prevents misuse (by toddlers)
- Use of a **special, odourless mineral oil**, therefore not disturbing for guests
- Refill bottle is **invisible**
- **Big selection of different designs**
- Input of different product designers for new lamp designs
- **Excellent, neat appearance**
- Can also be **equipped with Mosquito Stop**
