

Company Profile

IMPERIAL POTTERY CO., LTD.

Imperial Pottery CO., LTD. was founded in 2001. Manufacture high fired ironstone with high quality tableware for household market.

Every piece of our products reflects our strong commitment to produce the highest tableware quality to international market and expand our business to serve the market trend.

Our factory has an annual capacity of 3.6 million and located in Lampang Province in the northern region of Thailand where Thai historic ceramic industry has originally begun.

Today, from specialize in ceramic field for more than 12 years, we realized that hospitality industry is gaining popularity and the business is growing steadily. Reason enough to create new fine china products offering the high quality, stylish, durable with the strong commitment to provide a professional customer service.

With the aim to match our customer's requirements for style and quality tableware, we perceive on safety, functional and durability of usage as the important notion. In result, our production has done for Fine China Hotelware under brand name "Leela. Baralee".

The key to our success is our worker's skill and craftsmanship presenting the creativity collection each years to market, offering a distinguish products with the ability to produce finest embossment reflect the sense of harmony, and warmth for the catering industry.

By research and development, we have created our own glazes formula from raw materials without using any synthetic substance. Our clay is one of the best clay sources in the world. The result of our long term ceramic expertise is a distinctive formula of clay that reveals the natural white color and strength of our tableware, after glost firing at 1,300 degree Celsius.

All production facilities such as materials laboratory and our machinery comply with the latest technology, to guarantee the highest international production standards. Every production and order proccession step is closely communicated to the customers. Thus, the finished product fulfills the customer's requirements and to guarantee their full satisfaction.

We create high-quality yet affordable products with design appeal, brighten up the everyday lifestyle. Unique designs and sophisticated looks help you create just the right atmosphere, and reflect your own personal taste. Whether you wish to dine in perfect style with a coordinated range or put together your own individual mix & match solution, Leela. Baralee has all the products range to meet customer's requirement of hospitality needed.
