Greetings !

Soft Sensations Pvt. Ltd. brings you Lodge Cast Iron Cookware, a healthy alternative to non-stick cooking. For more than 100 years Lodge has been making cast iron cookware. Its origin can be traced to the town of South Pittsburg, Tennessee, U.S.A.

Today Lodge produces the most extensive selection of quality cast iron goods on the market. Lodge offers cast iron cookware which includes Dutch Ovens, Chicken Fryers, variety of skillets, griddles, deep fryers and mini-servers. The even heating, heat retention, versatility, value, and durability of Lodge Cast Iron is ideal for slow-simmering roasts, stews and soups .

Continuing the tradition of innovation and quality, Lodge introduces the revolutionary line of **HEAT - ENHANCED Cast Iron Tableware** .Nitrogen coating is an added step to the manufacturing process. It coats the products with a thin layer of nitrogen which makes them rust resistant. Patented heat-treating process inhibits rust for worry-free maintenance.

FEATURES:

- Utility -patented process greatly inhibits rust.
- Test pieces survived over 400 cycles in a commercial dishwasher with no signs of oxidation.
- Superior heat retention when cooking, and superior style when serving.
- Equally valued for not chipping or breaking.
