

# MATERIALS MATTER

Quality is the primary goal in the construction of all Rosseto® products. To meet such high standards, only the best materials are used.

Rosseto® unique surfaces are available in glass, natural woods and durable acrylic and are designed to match perfectly with Rosseto® product lines for ideal bakery cases, riser systems, buffet warming and cooling stations and beverage dispensers. Available in many desirable colors and high-end materials, these modular pieces enhance your guest experience while also making your buffet system more versatile and modular with each use.

# SURFACES

## Bamboo

Not all bamboo is created equal. We use the highest quality bamboo available. We designed a custom three layer system that prevents warping and damage. Keep in mind that bamboo is a natural, live material and reacts to changes in temperature and humidity.

## Natural Walnut

Luxurious deep brown hues makes walnut the perfect finish for any high end buffet or food display. Relatively heavy, hard and resilient, it can stand up to your toughest guests and is naturally resistant to warping.

## Acrylic

Durable and easy to maintain, this material is perfect for high traffic use or in places where glass would be a safety concern (like poolside or lobbies). Choose from clear, black or white.

## Tempered Glass

All of our glass is toughened or tempered. This means that it is processed by controlled thermal treatments to increase strength and safety. Choose from both clear and black finishes.

## Clear Acrylic

When companies use low grade acrylic or plastic to make their products, you can always tell by the foggy or frosted coating they will have. Our top grade acrylic is crystal clear and is as close to glass as you can get, without, you know... being glass.

"In hospitality, everything has to move, and move quickly. You are setting up parties all day, one after the other, with different levels of staff often having to assemble and transport these items across an entire hotel. So, you need products that not only can withstand that type of heavy use, but will maintain their visual appeal." Tamir Levy.

When you buy a Rosseto® product, we know that you want to use it for years to come. You want it to stay looking just as good as the day you bought it, 6 months and 20 events later. Don't worry we have a solution for that too. Loaded with custom shelving and velvet-lined surface cases, the Sky Cart makes transporting, storing and maintain your Rosseto® products incredibly simple.

Please note: all Sky Carts need to be ordered with surface cases.
